

3 February 2025

Dear Business Partner/Procurement Manager,

2025 BEE CERTIFICATE

We are currently in process with the audit procedures to obtain our new BEE certification.

As a company that exceeds the R50m turnover threshold, it is a daunting task to compile all the required financial information and then for our BEE consulting company to complete the audit file followed by the verification.

For the sake of improving our score, we have decided to use the 28 February 2025 financial year end information, with the implication that we should have the new certificate before the end of March.

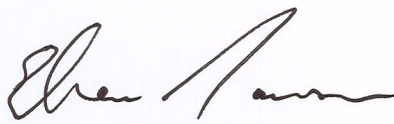

We are proud to say that our 51% BEE partner is the Invincible Empowerment Trust Fund, a Black Female educational trust with approximately 300 disadvantaged beneficiaries, in association with the Maharishi Invincibility Institute.

As part of the audit procedure, the verification company must interview many of the beneficiaries, adding to the length of the process as we are reliant on the simultaneous time availability of both the beneficiaries and the verification agency - It is however a formality due to the legitimacy of the cause.

We are treating the situation as urgent and will forward the certificate as soon as possible.

We much appreciate your patience and the support we receive from your business.

Yours sincerely,

Eben Jansen
