------------	-------------

We herewith confirm that your B-BBBEE Audit request with Ref. Number **2017-00136Q** is in process.

This letter is valid for 2 (Two) months from date above. Another Confirmation will not be issued as 2 (Two) months is a reasonable time period for Measured Entities to Respond.

The BEE codes stipulates that a supplier must have a valid BEE certificate at any time during the period that the clients is verified. It is therefore not a requirement for the supplier to have a valid BEE certificate on a specific date e.g. at the year-end of the client.

For and on behalf of Consult Me (B-BBEE Verification Agency)

Kind regards,

Betsie Taljaard
