

Business Profile

Diamond Panelbeaters

DIAMOND PANELBEATERS

BUSINESS OVERVIEW

Established in 2005 as an automotive enterprise without limitations in the industry, Diamond Panelbeaters remains an incomparable autobody enterprise that is uniquely directed to the satisfaction of all the clients in the motor industry. Our business approach has been carefully designed by first sustaining our enterprise through bringing perfect panel beating solutions to the completion of all major structural repairs, dent and scratch repairs, hail damage repairs, paintless dent repairs needs and spray painting of all motor vehicles. As a dynamic, small medium enterprise, our versatility and flexibility enables us to continually tailor our portfolio of panelbeating to deliver solutions that meet our clients' ever-changing needs. This assists us to build long-term partnerships and offer an emergency, integrated and evolving range of value-added services. Solidarity is the key fundamental of the enterprise in bridging the gaps between light and heavy vehicles automotive operations.

VISION

Constructively to become a leader in the panel beating industry through maximizing our potential in repairing accident damaged vehicles as directed by the owner of the motor vehicle, insurance company or the broker.

MISSION

To achieve our vision through supporting and enhancing the development and implementation of panel beating solutions in the country as large.

Our focus remains: a panel beating enterprise directed to ensure that the automotive industry realizes an economic growth through our participation.

Our motto: Quality is our priority.

Our ultimate objective: to provide all towing and roadside emergency services to the unlimited number of potential clients in need.
