COMPANY PORTFOLIO

PADDYS AUTO BODY REPAIRS CC

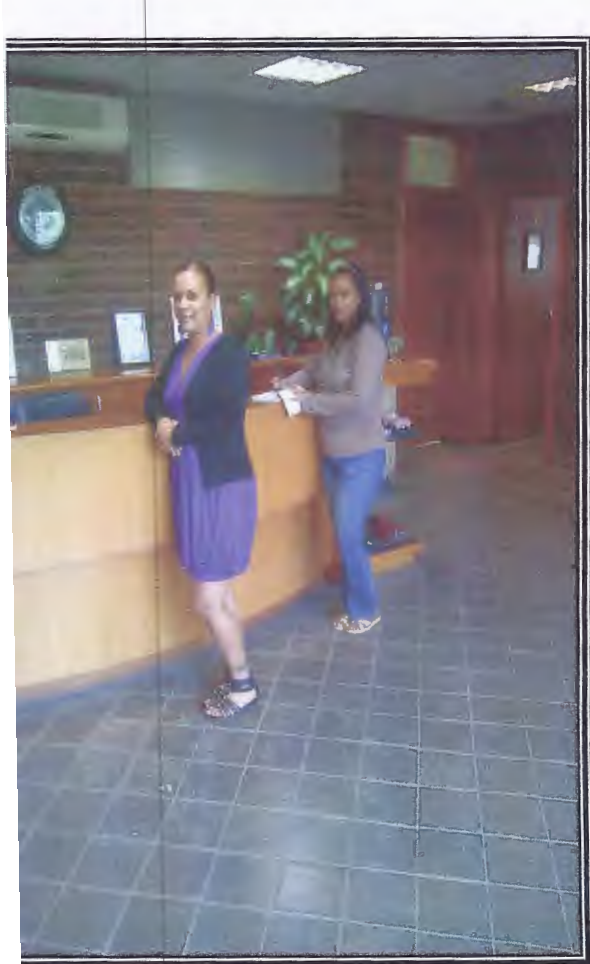

Thank you so much for the opportunity to present you with this overview of **PADDYS AUTO BODY REPAIRS**. We trust that you will find the information most interesting and that we may be of service to you soon.

A BRIEF HISTORY

PADDYS AUTO BODY REPAIRS SPECIALIZES IN Panel beating, Spray painting, Chassis Straightening and Rust Removal. It was established by Alan Morel who is a qualified panelbeater and spraypainter, with experience of 30 years. The company was founded in 1985 and is registered with Motor Bargaining Council. Paddys Auto Body Repairs consist of Office Administration and Workshop Facilities.

RECEPTION AND ADMINISTRATION

We have a full administration structure with a Receptionist and an Admin Manager. Offices are fully equipped with internet, email, faxing, and scanning facilities.

WORKSHOP AND EQUIPMENT

Our workshop is fully equipped with the most modern and up to date machinery, which ensures the best quality of repairs.

CELETTE BENCH

The celette is a chassis straightening machine which works with specific jigs that enables us to repair the vehicle according to factory specs.

SPRAYBOOTH OVEN

The spraybooth oven is used in the spray paint of the vehicles and baking of the paint. It allows for higher productivity, enhanced performance and, ultimately, increased profitability for our customers. Dust extraction and compressed air are controlled and can account for as much as 90% of their energy usage.

KORAK

The korak is a manual chassis straightening frame. It is a rack which is a platform onto which the vehicle can be clamped. It also uses hydraulic rams which will pull with a force of up to 20,000 lbs. Along with the devices for pulling the vehicle frame into position. Once the frame has been restored to its original condition, all other parts will fit and the wheels can then be aligned correctly.

WELDING EQUIPMENT

The latest welding machines are used and all types of welding can be done e.g. Gaswelding, CO 2 welding, Spotwelding and Aluminum welding

PAINT BANK

Our paint bank consists of a number of toners which is used to mix a colour.
