COMPANY PROFILE

DE WINNAAR PANEL BEATERS AND SPRAYPAINTERS CC

This company is a close corporation with one owner MRS J Vosloo.

We also make use of BEE suppliers and are graded as a medium structure repairer panel shop.

The shop makes provision for employees to participate in courses to encourage them to provide an excellent service towards the public and insurance companies.

The business consists of a service between the public and insurance companies. The insurance companies send us accident damaged vehicles for repairs. When finished the owner of the vehicle is informed to collect the vehicle where he signs a letter of satisfaction (release note) where after the insurance companies pay us for the work.

MAIN PRODUCTS AND SERVICES

Automotive body repairs-mainly panel beating and spray-painting.

All light vehicles and commercial vehicles up to 8 Ton.

HUMAN RESOURCES ISSUES

Currently, De Winnaar Panel Beaters consist of 11 permanent employees and will grow.

Current personnel are well trained and qualified. New employees will be given the opportunity to qualify in trade tests in their posts.

BUSINESS ENVIRONMENT

Each employee receives a contract with the company's policy and regulations according to the business. The company is implemented with a disciplinary system that is explained in each employee's contract.

The company will help to boost the economy by creating more jobs for more people, and also contribute to an improved road safety factor by ensuring that the motor vehicles are repaired according to the road safety ordinance.
