

30 June 2021

Attention: All TATA Approved Collision Repair Centre's,

RE: TATA APPROVAL STATUS EXTENTION:

To whom it may concern,

We hereby wish to inform you that our new Service Level Agreement (SLA) has not yet been finalised due to the complexity of the new POPI Act (POPIA) which comes into effect from 01 July 2021.

We are therefore not in a position to issue new approval certificates until such time as all Collision Repair Centre's have signed the new SLA which the legal departments are busy finalising.

This letter therefore serves to extend your approval status up to and including 31/07/2021 and we confirm that your Company is still entitled to work on all TATA vehicles, including the Chery, Daihatsu, FAW and Foton vehicles that fall within the ambit of your Collision Repair Centre status.

AutoMatrix will in due course supply a copy of the new SLA for signature, following which your new approval certificate will be issued.

Kindly direct all queries in this regard to Candice or Charne at AutoMatrix (charne@automx.co.za / candice@automx.co.za).

We look forward to providing you with the approval renewal in the near future.

Yours Faithfully,

Warren Harris
