APPROVAL EXTENSION

Dear Motus Approved Collision Repair Centre,

We hereby wish to inform you that our new Service Level Agreement has not yet been finalised as we still await feedback from the Information Regulator.

This bulletin serves to extend your approval status until and including 31/10/2022. Please use your approval certificate and this bulletin to confirm your approval status with all necessary parties. We confirm that your company still holds approval and is still entitled to work on all TATA, FAW, Daihatsu and Foton vehicles.

AutoMatrix will in due course supply a copy of the new Service Level Agreement for signature, following which your new approval certificate will be issued.

Kindly direct all queries in this regard to Charne at AutoMatrix (011 7927014/5 / charne@automx.co.za).

We look forward to providing you with an updated renewal certificate in the near future.

Yours Faithfully,

RICHARD FLUSK
SENIOR MANAGER - PARTS
