Dear Mr Ralph Andreas,

Re: Approval

We have pleasure in informing you that your application in becoming a Volkswagen and Audi Approved Motor Body Repairer has been successful and Station Motors, Bellville has been approved as from 22 February 2010 to repair our Volkswagen and Audi passenger range of vehicles, excluding aluminium structural vehicles i.e. all Audi A8's, all Audi R8's and Audi TT models from February 2007.

Your approval is for an indefinite period, dependant on the successful completion of your bi-annual re-evaluation audits. Your approval certificates will be supplied to you shortly. Please note that the approval certificates will only contain the date of your approval. Should we at any time withdraw your approval, you will be required to return the approval certificates to us.

Once again, congratulations and we look forward to a good long-term working relationship with you.

Yours Sincerely,

Basil Basson Service Marketing
