

BULLETIN 2022/01

Date: 07/01/2022

Attention: Owner and/or Manager

APPROVAL EXTENSION

Dear Approved Body & Paint Shop,

Regrettably, I need to issue another approval extension as we await the new Service Level Agreement (SLA) which was due to be released early in December 2021 but was not issued by our legal team.

We do understand that that this extension letter does not replace an approval certificate but this bulletin is being issued to you to ensure that no Renault Vehicle is removed from your approved premises whilst we wait to obtain the SLA in order to be able to issue the latest approval certificate.

This letter hereby serves to extend your current approval status up to and including 28/02/2022.

I can also confirm that your Company is still entitled to work on all Renault vehicles that fall within the ambit of your Approved Body & Paint Shop status.

Kindly direct all queries in this regard to Charne Conradie (charne@automx.co.za) at AutoMatrix (Pty) Ltd.

We look forward to sending you a new SLA & issuing new certificates in the near future and sincere apologies once again for the delay.

Yours faithfully,

Etienne Van Vuuren
Aftersales Marketing Manager
